Hi Barry,

A quick update on where we are. We are working on the comments to the preamble and rule language we received from OMB, and we hope to have those completed very soon. Some comments on the Background Information Document and Economic Impact Analysis will take a little longer because we had to get a contractor in place to address them. (b) (5) I have draft replies to them, but they are being reviewed by my management and OGC. All told, I'm guessing that we'll have most if not all comments addressed by the end of the month. I'll definitely keep you posted on any calls and/or meetings we schedule with OMB.

Thanks, and have a wonderful weekend.

Reid

Hi Reid,

Hope you're doing well.

Glad to see that this package is moving forward. Would you be able to send me a copy of the interagency comments that were submitted by OMB in July? Also, please let me know about any calls that are scheduled with OMB to discuss the rule. I'm supposed to keep my management informed about upcoming OMB calls and meetings, and I'm also supposed to sit in on them.

Let me know if you have any questions.

Have a great weekend,

Barry

Hello,

Just as a follow-up, EPA has requested a 30-day extension of this NPRM.

Thanks!
Caryn

Hi Caryn,

Cortney requests that we copy Jim Laity on the extension. Thank you.

Hi Cortney,

I am currently working on the comments for the preamble and rule. The contractor is just getting on board to make the changes in the background document, so it will still be a few weeks before we can get the entire package to you. I'll contact OP and request the extension.

Hi,

I wanted to check in on this rule – have you been able to redraft the preamble and TDD in response to comments? When will you be sending that to us?

Day 90 of our review is next week, 9/8. I am going to be out of the office next week – can you work with OP to request a 30 day extension of OMB review?

Please give me a call if you have any questions.

Regards,
Cortney

Hi Reid,
Attached are the additional interagency comments I referenced in my prior email. Please let me know if you have questions about these comments.

Hi Reid,

Attached is a redline version of the draft preamble with interagency comments embedded. Please let me know if you have any questions about these comments. I'm happy to talk with you about any of them where you may need clarity. In the draft we've asked for clarification, as well as for copies of some of the documents referenced. ([REDACTED]) There are other documents we are requesting, but those two are at the top of my list.

There is one more reviewer that I expect to receive comments from next week, but I thought I would pass these along so you and others at EPA can begin to address these.

Regards,
Cortney
